

VERMONT EMS DISTRICT #3
POLICIES

MOTOR VEHICLE CRASH/ MULTI-CASUALTY EVENT BACK-UP RESPONSE
POLICY

It shall be policy that every motor vehicle crash or multi-casualty event shall have a primary ambulance and first response agency (when appropriate) dispatched until it is confirmed by prehospital-trained personnel that the incident requires more agencies. Heavy rescue and Fire Units will be dispatched according to the policy established by the Chittenden County Fire Chiefs.

If a responding agency feels the dispatch warrants additional units the crew leader (First Response or Primary Ambulance) may request additional units as necessary.

The appropriate agencies to respond shall be determined by the VT EMS D#3 Response List found as an addenda to the policies. Should there be any question as to whom to send the Radio Room at FAHC may be consulted. As well, upon request, the Radio Room may be responsible for insuring the appropriate agencies are responding.

Approved April 8, 2004

Lee Jones
Logistics Chair
